ACADEMY

Join us for weekly themed camps! Every week campers will enjoy field trips, in-house special events, and a trip to the pool or waterpark.

Session 1 June 18-22	Great Outdoors	Campers will explore the great outdoors and discuss nature and natural sciences. Students will enjoy a hike and picnic lunch at Great Falls Park. Classroom activities include discussion of animal life cycles, habitats, and classifications.
Session 2 June 25-29	Music & Movement	Everybody loves music! This week campers will listen to various types of music and instruments. A visit to a local music venue will be the highlight of the week.
Session 3 July 2-6 (closed July 4)	Party in the USA	American history will be the focus this week. Campers will examine American life through various centuries and decades. Campers will work together to create a large scale time line of important events in American history. A field trip to a historical site will cement what campers have learned in the classroom.
Session 4 July 9-13	Superhero Camp	It's a bird, it's a plane, it's a SuperKid! Campers will use their imaginations to create super personalities. Then it's time to put our heroes to work by creating our own comic books. Use your superpowers to fly as we visit iFly for a STEM fieldtrip and flight simulation!
Session 5 July 16-20	Mad Scientists	Campers experiment with crazy concoctions and ridiculous reactions at Mad Scientist camp! A visit to Curiosity Zone in Ashburn will help highlight ideas learned at camp.
Session 6 July 23-27	Sports Mania	Run, jump, and play! Students will participate in a variety of physical activities. The week will be highlighted by a trip to a local sports and adventure park.
Session 7 July 30-August 3	The Arts	Our artists will spend the week exploring famous pieces of art and the artists who created them. We will visit a local art gallery to see art up close! Campers will explore various types of art media and create their own masterpieces.
Session 8 August 6-10	Kids in the Kitchen	Let's eat! Campers will enjoy several cooking activities and learn how to read and follow a recipe. Campers will learn more about food supply and where their food comes from during a visit to Temple Hall Farm. We will also enjoy lunch out at a local restaurant.
Session 9 August 13-17	Construction Zone	Building, designing, and engineering will be highlighted this week. Campers will design their own city and plan for the future. A field trip will allow students to take their new knowledge into the real world!
